PREFACE (cont’d)

depository for City, County and North Carolina State funds. Its assets exceed two million dollars.

SCHOOLS, CHURCHES AND SUMMER CAMPS

Distinct advantages are offered in the field of elementary and high school education. In addition to two well equipped and modern buildings for the high school and elementary pupils, there are two preparatory schools, Fassifern School for Girls, and Blue Ridge School for Boys. The Immaculata Catholic School instructs children from the first through the eighth grades.

The Hendersonville community prides itself on its religious atmosphere. In addition to churches of practically every denomination, the community is fortunate in having two religious assembly grounds operated by the Protestant Episcopal and Associated Reformed Presbyterian Churches.

Many summer camps for boys and girls are located in this and surrounding counties of Western North Carolina. Trained leaders take the youth under their personal supervision for the vacation period and teach them how to know and appreciate nature in the fullest measure.

AGRICULTURE AND INDUSTRY

Henderson County is rapidly becoming better known as a farming section for diversified crops. The climate and soil have been found ideally suited for the growing of apples and practically all truck crops. The Henderson County Mutual Curb Market, owned and operated by farmers, has in a large way improved the retail outlet for their products.

The varied industrial life of the community makes for an ideal condition for additional plants. Henderson County has inducements to offer prospective manufacturers in the way of super power, cheap industrial sites, ample water for domestic and industrial purposes, native, easily trained labor, healthful climate, moderate all-year temperature, proximity to raw materials and comparative nearness to the center of the eastern half of the United States.

CIVIC ORGANIZATIONS AND CLUBS

Civic organizations and clubs include Kiwanis Club, Rotary Club, Lions Club, Woman’s Club, Golf and Country Club, American Legion, junior Welfare Club, and Chamber of Commerce.

WATER SUPPLY

Coming from the slopes of Mount Pisgah, in the Pisgah National Forest, Hendersonville’s water supply is as pure as water can be. The watershed, located entirely within the national forest, has not only the protection afforded by heavy forestation, but in addition, is patrolled by Federal officers whose duty it is to know the purposes, movements, and conduct of those who are privileged to visit the forest. The water system is controlled by a Board of Water Commissioners composed of three members who are appointed by and receive their authority from the State Legislature.
