"PRO BONO PUBLICO"

PREFACE

Statesville, the well-known County seat of the better known Iredell County, one of the leading cities of North Carolina is still marching with streaming banners and flaring trumpets so to speak toward the goal set some years ago by her enterprising citizens.

Statesville is located on the Southern Railroad and is the connecting point for freight and passenger traffic to and from Winston-Salem, Asheville, Charlotte, Salisbury and intermediate points, thereby making Statesville a very convenient, strategic point.

Statesville is the home of the Iredell Telephone Co, several cotton mills, a show case manufacturing plant, furniture plants and other various industries.

Statesville is a live, growing, healthy, congenial place to live. This is vouched for by the large number of home-owned industries, five schools, long-lived citizens and general prosperous and friendly feeling toward one another.

The population of Statesville and adjacent territory covered by this directory includes about 9,000 souls.

In conclusion, we, the publishers wish to thank the business men of Statesville for their support which has made possible the publication of this directory and the public who gave to our representatives the necessary data. We will continue the publication bi-annually until your city requires an annual directory. We are,

Yours truly,
