When writing advertisers, please mention the Directory.
Burlington, Graham and Haw River, N. C.

PREFACE

The publishers take great pleasure in presenting to the public this edition of the Burlington, Graham and Haw River, N. C., City Directory, for it represents an active, growing, progressive city, whose people have set out to accomplish great things and the progress of the city is the result of the energy and enthusiasm of its inhabitants.

The problems of making the Burlington, Graham and Haw River Directory have been many times greater this year than ever before; the publishers have overcome these difficulties and have made what they believe to be the most complete and accurate directory ever published of Burlington, Graham and Haw River.

Upon examination and use as a work of reference, the directory will be found to contain a thorough and comprehensive store of information regarding all the interests of the city.

The Burlington Directory has had all the advantages of a thorough and complete organization, which is indispensable in the production of a city directory. The highest degree of efficiency in directory making has been attained in the production of the work.

It has been customary for the directory publishers to estimate the population and this directory shows Burlington 8,861, Graham 3,111.

The 1924-25 Directory, as in past editions, shows many changes.

The directory is a story of the people. It lists all the people, rich and poor alike; tells who they are, what they do, where they live. The directory is a permanent history and the old directories form a complete record of the city, its changes and progress.

Through the publishers' membership in the Association of North American Directory Publishers, directories of all the leading cities of America are kept in its library in Asheville for the use of its patrons and the public in general. Copies of the Burlington, Graham and Haw River Directory are sent to all the principal cities of the United States and Canada. Thus the directory represents these places throughout the country and is a constant booster. Nothing advertises a community like the City Directory and it is true in many cases that a city is judged by its directory. Directory advertisers are thus accessible to all the buyers of America, who must consult the classified lists of the Directory to purchase any commodity intelligently.

The Association of North American Directory Publishers

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of the Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and protective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by other means as may, from time to time, be shown to be wise, proper and lawful.

$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.

**Classified Business Directory**

OF

**BURLINGTON, NORTH CAROLINA**

---

**NOTE**—Patronize those whose names are in large type, for they are the progressive ones and generally leaders in their line.

Index appears in front of special business headings only, for which an extra charge is made.

Purpose of (*) star in front of name is to denote colored person or firm, but we assume no responsibility for its wrong use, errors often creep in.

---

Advertise—Efficiency

¶ China built a great wall to shut out new ideas and modern business methods out of the country and "withered within."

¶ The individual or firm who does not advertise and practice efficiency in their business will reap China's reward.

¶ "Efficiency" no business can possibly be run on modern methods without the use of the "City Directory."

¶ "Advertise;" the City Directory is the only medium whereby all the people can be reached some of the time; it is a salesman that stays on the job.

¶ Own and advertise in your City Directory.
