CHARLOTTE REAL ESTATE

Charlotte real estate offers wonderful possibilities to the investor. The big life insurance companies consider this city as one of the best in the country for mortgage loans. Practically all of them offer unlimited loans on business and residential property. Uptown business property has doubled in value within the last five years, while the business section has expanded from three to five blocks in every direction. One big real estate operator, engaged in the development of residential sub-divisions, states that no investor in his homes has ever sold at a loss. The building and loan associations are the strongest of any city of its size in the U. S. A., with combined resources of over $14,000,000.00. Charlotte has never had a mushroom growth or "boom" period, but a steady, consistent increase in population, business activity and real estate values. Many fine suburban properties have been developed within the last five years and this activity is now greater than ever before. The taxable value of Charlotte property is $200,000,000.00.

Putting the Out-of-the-way
Business on the Main Street
For a Few Dollars

The business that is up-stairs in some building
or off the beaten trail can overcome its location—
can put itself on the Main Street of Public Attention
by advertising in the City Directory.

Your advertisement entitles you to be listed
in heavy type under all of the classifications of
your business in the new City Directory now being
compiled. This makes your business STAND OUT.
Thousands of people consult this buyers’ guide
every year.

Thus, for a very small sum you can be located on
The Main Street of your City Catalog
for a whole year.

Charlotte is the home of the Southern Power Company—said to be one of the largest hydro-electric Companies in the world—with an investment of over $100,000,000.00. Abundant and cheap hydro-electric power has been the greatest factor in the remarkable growth of this section.
Charlotte has a branch plant of the Ford Motor Company built at a cost of $2,000,000 and having a daily capacity of 400 cars.
Charlotte has a healthful and moderate all-year climate with an average temperature of 60 degrees.
Charlotte has a trading population within a hundred and fifty mile radius of more than 4,500,000.
Charlotte has two fine country clubs with splendid golf courses.
Charlotte has seven excellent hotels, including the two million dollar Hotel Charlotte.
Charlotte is the gate-way to the famous vacation resorts and cities in the "Land of the Sky."
Charlotte is one of the most important centers of the state highway systems—seven hard surfaced roads leading out in as many directions.
Charlotte's annual industrial payroll exceeds $20,000,000.00.
Charlotte is served by four great railway systems with more than one hundred trains per day and is headquarters for "Line East" of the Southern Railway System.
Charlotte has bank resources of over $77,000,000.00.
Charlotte the Center invites you to come.

CHARLOTTE, THE CITY OF OPPORTUNITY

Charlotte, "the center of Southern activity," offers the finest opportunities today as the logical place for location of new industries, distributors, wholesale houses, and business establishments of every description. Every live concern seeking business in the Carolinas should be represented in Charlotte. The ideal all-year climate, the unrivaled power advantages, close proximity to raw materials, available high class labor supply, adequate transportation facilities, unlimited agricultural possibilities, and favorable freight rates all combine to make Charlotte the city of opportunity for practically every sort of manufacturing and distributing activity. The Charlotte Chamber of Commerce will gladly furnish the exact facts to anyone interested in locating in this city.

CENTER OF RICH TRADING TERRITORY

Charlotte's location in the midst of the region that is rapidly becoming the greatest industrial area in the South and one of the richest agricultural districts in the Nation makes it a trading center unique for its size in the U. S. A. It is also the center of population in the Carolinas.

Population within 25-mile radius (1920 Census)............ 211,000
Population within 50-mile radius (1920 Census) ....... 583,000
Population within 75-mile radius (1920 Census) ...... 1,131,000
Population within 100-mile radius (1920 Census) ....... 1,972,000
Population within 150-mile radius (1920 Census) ...... 4,240,148

Three great metropolitan department stores—Ivey's Ehrd's and Belk's—attract shoppers from all over the Carolinas. There are numerous specialty shops carrying immense stocks of all kinds of merchandise and a total of more than 1,000 stores to select from in various lines.

CHARLOTTE'S CLIMATE

Charlotte is located on the celebrated Piedmont Plateau with its healthful and invigorating all-year moderate temperatures, low relative humidity, and almost total absence of snow and ice. According to the official record of the local United States Weather Station covering a period of 44 years, the average year-round temperature is 60.0 degrees. Extremely high summer temperature or very low winter temperatures are practically unknown.

LOCATION

Charlotte is strategically located in the very heart of the two Carolinas—the center of the most rapidly developing area in the United States. A network of hard-paved State Highways spreads out in every direction; magnificent farming lands surround it; hundreds of great manufacturing plants are located in the wonderful industrial section of which it is the center; one of the largest hydro-electric developments in the nation has its main offices in the city and great power plants on nearby rivers. Charlotte is the textile center of the South; Charlotte is the commercial distributing center of a great area, including most of the two Carolinas and parts of Georgia, Tennessee and Virginia—one of the richest territories in the world.

HIGHWAY CENTER

Hard Surfaced Roads of the most modern type radiate from Charlotte in seven directions, and in addition there is a fine network of gravel or sand-clay highways centering at Charlotte and maintained by Mecklenburg County. The National Highway crosses N. C. State Highway No. 20, Wilmington-Charlotte-Asheville—mountains to the sea. Safety Coach motor-bus lines with destinations Greensboro, Raleigh, Asheville, Winston-Salem, Columbia and Spartanburg, S. C., maintain regular schedules, affording luxurious highway travel conveniences. Shorter motor-bus lines maintain frequent schedules to all nearby towns and cities. America's greatest All-Year Scenic Playgrounds in Western North Carolina, "Land of the Sky," are easily reached over fine highways in three or four hours. One hundred miles to Pinehurst, N. C., wonderful winter resort.

CENTER OF HISTORIC INTEREST

Charlotte and Mecklenburg County comprise a region rich in historic lore. The early settlers came in three waves—the Scotch-Irish from Pennsylvania and Virginia; the Germans from the same parts of the country; the English, Scotch, Germans, Huguenots and Swiss from the South by way of Charleston and Georgetown. Charlotte, named for Princess Charlotte of Mecklenburg-Schwerin, wife of George the Third, was incorporated in 1768. The citizens of Charlotte in convention assembled, electrified by the news of the Battle of Lexington, made the first declaration of independence from the British Crown, known as the Mecklenburg Declaration of Independence, on May 20, 1775. Cornwallis, while headquartered in Charlotte, named the town "The Hornet's Nest," on account of the activities of the Patriots. Andrew Jackson, seventh President of the United States, was born in Mecklenburg County, March 15, 1767. James K. Polk, eleventh President of the United States, was born at Pineville, just outside of Charlotte, November 2, 1795. Jefferson Davis held the last meeting of the Confederate Cabinet in Charlotte, April 20, 1865.

Queens College

CHARLOTTE, NORTH CAROLINA

OFFERS

EDUCATION PLUS CHRISTIAN TRAINING

HER AIM

CHRISTIAN WOMEN FOR CHRISTIAN SERVICE

GEOGRAPHICALLY——

Queens College is located in Myers Park, one of the finest residential sections of Charlotte—North Carolina’s most progressive city. On Southern, Seaboard and Norfolk Southern Railways—overnight from Washington and Atlanta. The city is 800 feet above sea level with an average temperature of 59 degrees.

SCHOLASTICALLY——

Queens College offers Liberal Arts Courses leading to the A. B. and B. S. degrees. Queens meets the standard requirements of the North Carolina State Board of Education. A two years course in Public school music has been added to the Department of Music, which with the Schools of Art, Physical Education and Domestic Science is affiliated with the School of Liberal Arts and Sciences.

SPIRITUALLY——

Queens provides wholesome influences to make strong Christian character. Every member of the faculty is required to be a person of Christian character and influence. The college is non-sectarian and the religious preferences of its students are scrupulously respected. Every influence is emphasized that spiritualizes womanly character.

JOHNSON C. SMITH UNIVERSITY  
(Formerly Biddle University)  
CHARLOTTE, N. C.

The Institution was founded 1867 under the auspices of the Northern Presbyterian Church and is chartered by the State of North Carolina.

The Institution offers courses in the following departments:

HIGH SCHOOL       LIBERAL ARTS
PRE-MEDICAL and THEOLOGICAL

The completion of eight grades of Grammar School work is the requirement for entrance to the First Year High School.

Fifteen units of secondary work are required for entrance, without condition, into the Freshman Class or to the Pre-Medical Course.

The Theological Department offers two courses, each consisting of three years. The first is purely English, Greek and Hebrew are taught in the others.

The Institution is now "A" rated so recognized by N. C. State Board of Education.

The First Place the Buying Public Goes!

Why the City Directory first? It saves time. The ads are classified. Your customers find you instantly. It's the logical place for them to go because it's an index to the city.

GENERAL INSURANCE AND BONDS

Written contracts create mutual obligations. One of the cornerstones of modern commerce is the Contract of Purchase. Written contracts have found their way into human and business relations because their use serves to lessen and to prevent misunderstandings between parties to an agreement.

The purchaser owes it to his pocketbook and his conscience to give SPECIAL ATTENTION to that part of the contract which tells him what he is to get, what he is to pay and when.

Don’t sign a contract with your eyes shut. Don’t take a salesman’s word for everything. Occasionally an employer may make a mistake in the selection of salespersons. That seems to be inevitable in all types of business.

But it lies with the customer whether such a handicap to mutual understanding is to be slight or serious. A salesman may convey misunderstanding through zeal or carelessness or even by intent, but the contract if the customer will read it will usually clear up such divergencies, there it is set down in black and white to prevent misunderstandings.

When a signature appears on a legal contract it is a foregone conclusion that the signer is indicating his or her honorable intention of carrying the matter through to a finish. The whole commercial world of debits and credits is built upon and maintained by the strength of signed legal paper. People who sign contracts without reading them, should swallow their losses in silent chargin.

### OF
### CHARLOTTE, NORTH CAROLINA

### VOL. XXVIII.

### THE PIEDMONT SERIES.

### 1928.

**NOTE**—Patronize those whose names are in large type, for they are the progressive ones and generally leaders in their line.

Index appears in front of special business headings only, for which an extra charge is made.

Purpose of (*) star in front of name is to denote colored person or firm, but we assume no responsibility for its wrong use, errors often creep in.

Great Distributing Center—

THAT Charlotte is the commercial and distributing center of the Carolinas is fully demonstrated by the fact that more than 250 large corporations of national importance handle practically their entire business in this territory through branch plants, branch offices or representatives located in Charlotte. The railways maintain a regular daily schedule of 196 package cars from Charlotte to meet the demands of this immense distributing activity. Extensions of the capacity for 4,800 car loads of freight daily are being made to take care of the large growth of manufacturing and distribution. The new branch of the Ford Motor Company, which cost $2,000,000.00 to build, located in Charlotte, is designed to take care of the requirements of the Carolinas, estimated at 120,000 Ford cars annually.

TOURIST CENTER
THE mild winter climate of Charlotte, with almost total freedom from snow and ice, and its cool summer temperatures, due to location on the Piedmont Plateau, are making it a favorite stopping place for tourists. Added to the attractions of climate are seven fine hotels with 1463 rooms, including the new million and half dollar Hotel Charlotte. Pinehurst, winter golf capital of the U. S. A.; Blowing Rock with its wonderful Mayview Manor; Chimney Rock, America's most spectacular monolith—all are within easy reach of the tourist headquarters in Charlotte. Two excellent country clubs, the Myers Park Club and the Charlotte County Club, each have fine 18-hole golf courses, with golfing privileges available the year around. Many points of historic interest, including the birthplaces of two great Presidents, Andrew Jackson and James K. Polk, add much interest to Charlotte as a tourist center.
