STATESVILLE, N. C.

INTRODUCTION

Southern Directory Company, publisher of the Statesville city directory, takes pleasure in presenting the 1938-39 edition to the general public. A large force of trained enumerators and solicitors worked diligently in the preparation of this directory and we are confident that the result is an authentic and useful city directory.

The publishers have worked in cooperation with the Statesville Chamber of Commerce to the end of building this directory along lines which, in their opinion, would best serve the public.

Confidence in the growth of Statesville, in its wealth, industry and population, as well as in the advancement of its municipal and social activities, will be created as sections of this directory are consulted, for, truly, the directory is a mirror reflecting Statesville to the world.

Your attention is invited to those names appearing in DISPLAY BLACK TYPE throughout the directory as they are the responsible, enterprising, advertising business men who take pride in sustaining the city directory and who have made this publication possible.

POPULATION

The estimated population of Statesville is 16,106, based on the number of individuals found by actual canvass at each residence. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the directory.

FOUR MAJOR DEPARTMENTS

The several essential departments are arranged in the following order.

THE MISCELLANEOUS DIRECTORY, containing valuable information concerning Local, State and National Governments, Churches, Schools, Colleges, Clubs, etc., included in pages 7 to 10.

THE ALPHABETICAL LIST OF NAMES of residents business firms and corporations is included starting on page 101.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 290 to 303. This department lists the various manufacturing, mercantile and professional interests in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community.

THE STREET AND AVENUE GUIDE begins with page 304. In this section the names of the streets and avenues are arranged in alphabetical order; the residences and business houses are ar-

INTRODUCTION (cont’d)

ranged numerically under the name of each street and avenue, and
the names of householders, with the number of occupants, and
business concerns are placed opposite the numbers.

MUNICIPAL PUBLICITY

The directory reflects the achievements and ambitions of the
city, depicting in truthful terms what it has to offer as a place of
residence, as a business location, as an industrial site and as an edu-
cational center. To broadcast this information over the country,
the publishers have placed copies of this issue of the directory in
Directory Libraries, which are maintained in all the chief cities
of the country. Here they are readily available for free public refer-
ence and serve as perpetual advertisements of Statesville, for busi-
ness men the country over realize that the city directory represents
the community as it really is.

MEMORANDUM
FIRE ALARM BOXES

If a box is not near you, call FIRE DEPARTMENT and give exact location of Fire. The Call Box number is determined by the slight pause in the alarm between the numerals; for instance two alarms, pause, one alarm, pause, three alarms means the call is from Box 213. The first call number can be quickly located, as the 1s, 2s, 3s, etc., are grouped together on this page. The full alarm is repeated four times with long pause between each full alarm.

L. M. GAITHER, Fire Chief.
