PREFACE

We take pleasure in submitting Vol. XXIV of the Winston-Salem, N. C., Directory. While no directory is free from errors, we feel sure the Winston-Salem, N. C. directory will rank above the average city directory and will give general satisfaction. Experienced help only has been used in collecting the data for this directory, and if there are any omissions of names it is not due to the fact that the ground was not fully covered by our canvassers, for a house-to-house canvass was made. It often occurs that a person, in giving the information for the directory, overlooks or forgets to give names of persons that should be listed, and in such cases it is not the fault of the publisher that some names are left out. As a rule these omissions are few. Of course, the printers have to make a few typographical errors—they would not be printers if they did not—but as a whole we know that the Winston-Salem, N. C., Directory can be relied upon, and will be found by all who use it to be a very valuable book of information, and one which no up-to-date business man can afford to be without.

We desire to thank our patrons for their support, by which this publication was made possible. We also desire to extend our thanks to our many friends and the public in general for the courteous way in which they supplied us with the proper data. It is a pleasure for us to publish a directory in a city where the people are interested and where they are willing to co-operate with us and lend their aid in the making up of a work of this character as was the case in Winston-Salem.

To turn in alarm by telephone don't get excited. Take plenty of time stating street and location between cross streets

HINTS FOR WISE MEN

Directory advertising and success of business are Siamese Twins.

$1.00 Bills for 50c would be a great bargain, but no more than Directory advertisements to progressive business men.

Know how to correctly spell a name before saying it is not in The Directory.

If you stood 1,000 men, who ought to buy your goods, in a row, you certainly would sell some of them. The City Directory puts them all in a ROW for you. Moral—advertise in your Directory.

Master minds of the Business World recognize advertising as the foundation stone upon which vast fortunes have been and still are being built. Your City Directory is one of the corner stones.
