"The Cleanest Town in North Carolina"—(expert State Board of Sanitation).

Statesville, in addition to being called "The Best Town In North Carolina," could with equal truthfulness be called: "The Best Business City in North Carolina."

Of the 70 manufacturing plants no more than 6 are engaged in any one line of effort. Hence, if the market happens to be bad for one or there is slack time in one line, it does not always follow that the others are affected, such as might be the case in a community where the greater percentage of the population is engaged in one line of endeavor, such as cotton mills, coal mines, steel centers, etc.

Again, Statesville is engaged in manufacturing essentials of human happiness and comfort. By far the greater percentage of Statesville's output finds its way into the home.

To mention a few things: Silk, sweaters, lumberjacks, flour, furniture, underwear, hosiery, shoes, medicine, personal leather accessories, mill work, screens and doors, chairs, bread, cotton yarns, cotton seed oil, clay working machinery, saw mills, wood saws, cigarettes, tobacco pipes, smoking tobacco, chewing tobacco, red cedar chests, harness, marble and granite, lumber, show cases, veneer and panels, candy, and wholesale groceries and dry goods, etc.

There is no city or town of anything like its size with a better claim to the distinction of being called "well balanced" than is Statesville.

Few communities in the entire Southland can equal the advantages of Statesville from a manufacturing standpoint. There is about this city a wealth of raw materials of various kinds, and the transportation facilities for getting them to the outside world is not surpassed by any inland city.

RELIGIONS: Methodist, Presbyterian, Baptist, Lutheran, Episcopalian, Pentecostal, Associate Reformed, Jewish, and Catholic.

WHEN WRITING ADVERTISERS, PLEASE MENTION THE DIRECTORY
The classification by business will be found after the alphabetical arrangement of names. For full indices to the contents of the work, see Index.

(*) A star (*) is often used in most directories for various purposes. A star (**) or hand (††) is used in the Business Department of a directory to denote a special classification or listing; sometimes in the Street Department, in front or after a number, to denote a business place; it may be used, at the option of the publisher, to denote a married or single person; it is most generally used before or after a name to denote a colored person. Its use, however, being so general, the Publishers will not assume any responsibility for errors or its wrong use.

Giving Names of Householders and Denoting Business Places

Vol. IX.  THE PIEDMONT SERIES  1930-31

NOTE—All streets and avenues are arranged in alphabetical order, the house numbers are arranged in numerical order, with names of householders after each number.

Dash (—) before name denotes that number is wanting.

Purpose of (*) in front of name is to denote colored person or firm, but we assume no responsibility for its wrong use, errors often creep in.

WHEN WRITING ADVERTISERS, PLEASE MENTION THE DIRECTORY
The First Place the Buying Public Goes!

Why the City Directory first? It saves time. The ads are classified. Your customers find you instantly. It's the logical place for them to go because it's an index to the city.

When you advertise in the directory you advertise your city as well.

This Directory is placed in libraries and with commercial organizations in various cities throughout the United States.

The City Directory is a complete index to your city and tells the story of its progress.

If your business is not listed as it should be you are missing a golden opportunity, not only to increase your business but to promote the growth of your city as well.

The possibilities of the City Directory cannot be properly told in words.

PATRONIZE SOUTHERN INDUSTRIES

The Commercial Service Co., or Piedmont Directory Co., Inc., is a Southern corporation owned and controlled by Southern business men. They have been in business for more than a quarter of a century and Miller's Directories have a national reputation. There are larger publishers, but there is no better directory service to be had than that rendered by the Piedmont Directory Co., an Independent, Reliable Southern concern. If you believe in the prosperity of the South, patronize home people and keep money circulating in the South. If you have any suggestion or complaint to make, make it to us, and not someone else, as we are striving always to improve our publications and are always at your service.
