INCORPORATED

INcorporated

This book must not be taken from the Library building.
places the city on the map and is its only representative to the world beyond our own gates.

It is the city's catalogue of business and represents the city, its citizens and institutions in every corner of these United States.

It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication can or does.

Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.

KINGS MOUNTAIN, N. C.
"The Historical City"
Cleveland County

RAILROAD: Southern Railway mainline.
BUS SERVICE: Atlantic Greyhound and Queen City Trailways mainline service.

HIGHWAYS: Kings Mountain lies at the convergence of U. S. Highways 74 and 29, though U. S. 29 will soon by-pass the city to the South, eliminating in-city noise and congestion. N. C. Routes, both paved, carry traffic to Cherryville on the north, and York, S. C., on the south.

LOCATION
The City of Kings Mountain is located in the heart of Piedmont North Carolina, at the foothills of the Blue Ridge Mountains, and in the thriving industrial area of the Carolinas. Charlotte is 30 miles east, Asheville 87 miles west, Greenville, S. C., 75 miles south. Highway networks provide quick access to all points in North Carolina and out-of-state.

CLIMATE
Kings Mountain has splendid year-round climate, with freedom, generally, from long periods of extreme hot and cold temperatures. The area has been free of destructive winds, due to the protection of the mountains, rainfall is customarily adequate.

FINANCIAL INSTITUTIONS
Three financial agencies serve the city, in addition to a small loan company. First National Bank has assets in excess of $4,000,000, while Home Building & Loan Association and Kings Mountain Building & Loan association have combined assets approximating $3,000,000. Kings Mountain Loan & Finance company handles personal loans.

COMMERCE
Approximately 200 large and small retail businesses serve the Kings Mountain area's growing population, including both mercantile and service establishments, the vast majority modern in all respects.

INDUSTRY
Kings Mountain, a major textile producer of cotton yarns and a wide variety of woven materials for many years, has recently become a center of mining activity. The new wonder metal lithium is being extracted in large quantity by Foote Mineral Company and Lithium Corporation of America, both operating multi-million dollar installations and tapping the nation's largest-known source of lithium-bearing ore. Superior Stone Company mines large quantities of rock which go into

(Continued On Page 8)
highway and other construction, and Kings Mountain Mica Company ships high quality mica from its Kings Mountain pits all over the globe. A dozen textile firms, topped in size and column by Neisler Mills, (upholstery, drapery, etc.), produce also high grade cotton yarns (Mauney Textile Interests, Craftspun Yarns, Inc., Park Yarn Mills, and Phenix Plant of Burlington Mills), cotton tapes (Lambeth Rope Corporation), piece goods (Loom-Tex division of Consolidated Textiles, and men’s hosiery (Mauney Hosery Company). Bennett Brick & Tile Company operates its new plant at peak capacity, Elmer Lumber Company is one of the Piedmont area’s prominent manufacturers and suppliers of building materials. Minette Mills, at nearby Grover, is another major producer of a variety of woven products.

LABOR

An excellent labor supply is available, with the normal working force approximating 5,500 persons, according to figures from the Kings Mountain Employment Service. The labor is native and hard-working and quick to learn new skills.

The area is well-balanced between industry and agriculture. Corn and cotton are major row crops, with many farmers growing a large quantity of small grain and hay. In the past decade, the area has become a major milk producer, and many farmers are specializing in poultry-growing. Ware & Sons manufacture feeds and corn meal and maintain a 50,000-bushel capacity grain storage elevator.

POWER AND FUEL

Electric power is obtained in any desired quantity, principally from Duke Power Company, which serves industry direct, or through the city, which distributes power purchased from Duke. REA serves some individuals in rural areas. Coal and fuel oil are quickly obtainable from area dealers and distributors, and natural gas service is now available from the city.

WATER AND SEWAGE

The city obtains water from nearby streams, with two reservoirs and a filtering capacity just doubled to 2,000,000 gallons daily. The city has just completed a new sewage disposal system with broad line installations.

EDUCATION

Schools are modern and well-run. The city district operates three plants for whites, two plants (one new) for negroes, and is building a fourth plant soon (elementary) of 14 rooms. Grover and Bethware are modern nearby schools in the county system.

CHURCHES

Virtually all Protestant sects are represented, with modern plants and served by able ministers. Catholic churches are located in nearby Shelby and Gastonia.
Kings Mountain, N. C.

INTRODUCTION

Southern Directory Company, publishers of the Kings Mountain city directory, takes pleasure in presenting the 1955-1956 edition to the general public. The work embodies all available and vital data relating to the civic, commercial, financial, social and industrial interests and activities of the municipality, and the publishers add their assurance that the work is complete in all its parts.

The publishers enjoy the prestige and advantage of a complete organization and thorough system essential in the production of directories and the additional advantage of having the courteous co-operation of citizens in furnishing information. These factors, added to the liberal support of patrons as shown by the advertisements displayed upon the printed page, were vital to the success of the publication.

Confidence in the growth of Kings Mountain, in its wealth, industry and population, as well as in the advancement of its municipal and social activities, will be created as sections of this directory are consulted, for truly, the directory is a mirror reflecting Kings Mountain to the world.

Your attention is invited to those names appearing in DISPLAY BLACK TYPE throughout the directory, as they are the responsible enterprising, advertising business men who take pride in sustaining the city directory and who have made this publication possible.

POPULATION

The 1955 population of Greater Kings Mountain is 10,320, based on the number of individuals found by actual canvass at each residence. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the directory.

FIVE MAJOR DEPARTMENTS

The several essential departments are arranged in the following order.

THE MISCELLANEOUS DIRECTORY, containing valuable information concerning State and National Governments.

THE NUMERICAL TELEPHONE DIRECTORY, listing telephone subscribers by telephone numbers, can be found beginning with page 29.

THE ALPHABETICAL LIST OF NAMES contains data concerning each individual, firm and corporation within the city. The wife's name is given in parenthesis and is followed by position, place of employment and resident address.

THE CLASSIFIED BUSINESS DIRECTORY contains the various names of all manufacturing, mercantile and professional interests in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community.

THE STREET AND AVENUE GUIDE contains a complete directory of streets and avenues arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street.

(Continued On Page 10)
and avenue, and the names of householders, with the number of occupants, and business concerns are placed opposite the numbers.

**MUNICIPAL PUBLICITY**

The directory reflects the achievements and ambitions of the city, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information over the country, the publishers have placed copies of this issue of the directory in Directory Libraries, which are maintained in all the chief cities of the country. Here they are readily available for free public reference and serve as perpetual advertisements of Kings Mountain, for business men the country over realize that the city directory represents the community as it really is.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is necessary to the progress and development of a city. The advertising in this Directory is suggestive of the stability and permanency of the advertisers. You like to patronize those concerns who are in business to stay because such business establishments stand back of the wares they sell; it is a noteworthy fact that concerns which advertise one year in the City Directory are there again next year. Directory advertising is profitable.

**SOUTHERN DIRECTORY CO.**

Publishers

15 Rankin Avenue

Asheville, N. C.

---

**PREFACE**

(Continued from Page 8)

**CITY GOVERNMENT**

The city is operated under the council-mayor form of government, with five commissioners and a mayor elected biennially. The city tax rate for 1954 was $1.70 per $100 valuation, the realty and equipment based on 70 percent of 1945 values. The city is now completing $1,000,000 in public improvements (water, sewage, recreation.) A special five-cent tax for recreational purposes was recently voted. The city maintains a 15-man police force. Four regular firemen augment an active volunteer force which has held fire losses to very low levels. The city was chartered in February 1880.

**RECREATION**

The city is completing two public swimming pools, first step in a long-range plan for complete public recreation facilities. Modern motion picture houses show first-run pictures. Private facilities include Kings Mountain Country Club, with a top grade nine-hole golf course, and Lake Montonia club, with a large artificial lake.

**ACCOMMODATIONS**

Two modern motor courts, soon to be augmented by a third, provide comfortable, reasonably-priced accommodations for transients.

**PUBLIC INFORMATION**

The Kings Mountain Herald, a modern weekly newspaper, covers the area, and Radio Station WKMT with 1,000 watts provides daily entertainment and an area advertising medium.

COPYRIGHT LAW

Section 28, Copyright Law
In Force July 7, 1909

That any person who wilfully and for profit shall infringe any copyright secured by this act, or who shall knowingly or wilfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding 1 year, or by a fine of not less than one hundred dollars nor more than one thousand dollars, or both, in the discretion of the court.

CITY DIRECTORY ADVERTISING

IS NATIONAL ADVERTISING

Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chamber of Commerce of hundreds of other cities.

Therefore Your Advertisement In The City Directory is seen by

BUYERS FROM COAST-TO-COAST

Southern Directory Co. Publishers Asheville, N. C.
WHEN YOU WANT TO KNOW:

—where a person lives.
—what his occupation is.
—who lives at a certain number on a street.
—where a street is located.
—the correct spelling of a name.
—the officers of a corporation.
—the partners in a firm.
—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.

Southern Directory Co. Asheville, N. C.
A Business Must Be Built

Builders need material to build with.

"Material" for Building a Business may be obtained from this Directory.

Build up your list of prospective customers by checking the Classified Business Lists in this book for those who should use your product.

NOTE—Patronize those whose names are in large type, for they are the progressive ones, and generally leaders in their line.

Index appears in front of special business headings only, for which an extra charge is made.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

KINGS MOUNTAIN, N. C.

GIVING NAMES OF HOUSEHOLDERS, THE NUMBER OF OCCUPANTS IN EACH HOUSE, AND DENOTING BUSINESS PLACES

VOL. I  1955-1956  VOL. I

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.  
(*)—Before name denotes home-owners.  
(®)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

WOULD BE CONSTANTLY BEFORE THE PUBLIC—THE
BUYERS—TWENTY-FOUR HOURS A DAY—THREE HUN-
DRED AND SIXTY-FIVE DAYS A YEAR—EVERY YEAR

.... Think It Over
This Publication is The Product of a Member of

thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
