The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

* The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages,

Preface
Shelby, near the foothills of the Blue Ridge Mountains, was chartered in 1843. It has an aldermanic form of Government with Mayor and four councilmen, owns and operates its water and electric system. It was named for Col. Isaac Shelby—hero of the Battle of Kings Mountain, fought nearby in the Revolutionary War. Principal streets, such as Washington, LaFayette, Warren, Marion, are named for Revolutionary War heros. Shelby is the home of the late O. Max Gardner, Ambassador to the Court of St. James (1947), Governor (1929-33); the Hon. Clyde R. Hoey, U. S. Senator (1946—); Governor (1937-41); the Hon. E. Y. Webb, U. S. Federal Judge (1949) and Former U. S. Congressman during Wilson’s administration; Hatcher Hughes, Pulitzer Prize Winner (1934) and the late Thomas Dixon, author of the famous novel “The Clansmen” on which D. W. Griffith based his epic picture “Birth of a Nation”.

PREFACE

(Continued from Page 7)

Shelby is a city in which home owners take more than usual pride in their community and interest in its development.

LOCATION

Shelby is situated near the foothills of the Blue Ridge Mountains in the prosperous Piedmont area. It is the county seat of Cleveland County, 40 miles west of Charlotte on U. S. Highway 74, and 72 miles east of Asheville on the same Highway. The city is protected from extreme temperature in winter and summer by nearby mountains, which are the highest east of the Rockies. Shelby, therefore, enjoys a year-round climate that is healthy and invigorating. This section offers to those seeking a change of location an ideal, evenly balanced winter and summer climate. The average annual temperature is 59 degrees. Its altitude is an even 1,000 feet.

POPULATION

Shelby has constantly maintained a solid and well-rounded development of its industrial, agricultural, and cultural aspects, which reflects in the steady and even population growth as follows: 1920, 3,609; 1930, 10,789; 1940, 14,037. The 1949 population of Shelby is 17,675, and greater Shelby 19,775. Newcomers find a ready welcome and a neighborly atmosphere, unspoiled by class distinction. It is easy to make friends in Shelby where hospitality is a natural heritage.

EDUCATION

The Shelby school system is modern and well-equipped as you would expect to find in a community where cultural interest play an important part in affairs. Gardner-Webb College, nine miles from Shelby, offers advantages of higher education in an institution accredited by the Southern Association of Colleges and Universities. The local National Business College provides secretarial and accounting training.

RECREATION

A new and delightful $500,000.00 municipal park and recreation facilities, five supervised playgrounds, totaling 120 acres, help to make Shelby a pleasant place to live. A lighted athletic field, seating 4,000, municipal swimming pool, and golf course, together with a private golf course and country club greatly add to the recreational facilities. Also there are five motion pictures theatres with a seating capacity of 3,500. Then, too, there are the active civic and professional clubs such as Kiwanis, Rotary, Lions, Jaycees, Masonic Lodge, B.P.O.E. Lodge No. 1709, Business and Professional Womens Club, Senior and Junior Woman's Club, Junior Charity League, Cleveland Executives Club and Community Concert Club.

AGRICULTURE

A rich agricultural area, Cleveland County has more than 5,000 farms. In addition to being the State's largest cotton producing county—producing more than a bale of cotton for every man, woman, and child, it also markets apples and other fruit, dairy products, beef cattle, hogs, chickens, and small grains.

PREFACE
(Continued from Page 10)

INDUSTRY

An excellent climate, convenience of raw materials, and accessibility to markets—plus an abundance of power, water, and native labor—have all contributed to the industrial development of this section. Shelby has nine textile and hosiery plants employing over 3,600 people, with an annual payroll of approximately eight million dollars.

ELECTRIC POWER

Cleveland County is the center of the largest and most modern of the Duke Power Company’s steam generating plants. This 220,000 Kilowatt steam generating power plant was completed by the Duke Power Company at Cliffside (within the county) in 1948, providing Shelby and Cleveland County with ample light and power for growing business and industry.

FINANCE

The two banks in Shelby have deposits of nearly 30 million dollars. Also there are three thriving Building and Loan Associations and other financial institutions. Shelby is the retail trading center of Cleveland County, as well as county seat, with attendant Government activities. Shopping facilities are excellent with many good locally owned stores, branches of large chains, and desirable distributing organizations serving the area. 1948 retail sales were in excess of $31,250,000.00, wholesale sales over $12,000,000.00.

TRANSPORTATION AND COMMUNICATION

Shelby is served by two railroads, the Southern and Seaboard. The main line of the Southern crosses the county a few miles from Shelby. Buses arrive and leave at all hours of the day and night. Three motor express lines operate through the city. Shelby is also connected by highways 18, 26, 74, and 150. It also has a private airport. A daily newspaper, the “Shelby Daily Star” established in 1894 by Clyde R. Hoey who is now United States Senator, serves the county and has ABC circulation in excess of 10,000; the semi-weekly “Cleveland Times”, established in 1941 has a circulation of 3,163 (publisher’s sworn statement). Radio station WOHS operates on clear channel 730 kilocycles, daylight hours, and WOHS-FM on 96.1 megacycles, unlimited time, to furnish radio service.

MEDICAL

Situated in Shelby is a 100 bed county hospital slated to be enlarged soon. In addition, there is an active health department directed by a full time Doctor and a full time Sanitary Engineer.

Shelby offers opportunity not only to its own people, but also to others seeking the particular advantages of working and living, of business and recreation, of pleasure and profit, which it offers in well-balanced combination.

NAMES APPEARING IN BLACK LETTERS

IN THIS DIRECTORY are the names of those people who accomplish things and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that energy and push so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

PATRONIZE THEM
This Publication
Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in
the way of City Directories or other reference media, and providing protection
against fraudulent advertising schemes which operate under the name of
Directories.

The following "Standards of Practice," adopted at the inception of the
Association of North American Directory Publishers in 1898, and strictly ad-
hered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause
of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all de-
partments.
3. To avoid confusing duplication of listings, endeavoring to classify
every concern under the one heading that best describes it, and to treat
additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study
public needs and make Directories to supply them; to revise and standardize
methods and classifications, so that what is wanted may be most easily found,
and the Directory be made to serve its fullest use as a business and social
reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or
which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the
publications.
7. To avoid misrepresentation by statement or inference regarding cir-
culation, placing the test of reference publicity upon its accessibility to seek-
ers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged
in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories
in public service, and then to strive in every legitimate way to promote that
function.

$100 Reward will be paid by the Association of North American Directory
Publishers for the arrest and conviction of any person or persons engaged in
the publishing, collecting or canvassing for any fraudulent or fake directories.
