PREFACE

The publishers take great pleasure in presenting to the public this edition of the Concord, N. C., City Directory, for it represents an active, growing, progressive city, whose people have set out to accomplish great things and the progress of the city is the result of the energy and enthusiasm of its inhabitants.

The problems of making the Concord Directory have been many times greater this year than ever before; the publishers have overcome these difficulties and have made what they believe to be one of the most complete and accurate directories ever published of Concord.

Upon examination and use as a work of reference, the directory will be found to contain a thorough and comprehensive store of information regarding all the interests of the city.

The Concord Directory has had all the advantages of a thorough and complete organization, which is indispensable in the production of a city directory. The highest degree of efficiency in directory making has been attained in the production of the work.

It has been customary for the directory publishers to estimate the population and this directory shows Concord and its surrounding suburbs to be 10,850.

The 1922-23 Directory, as in past editions, shows many changes, which are particularly obvious in the Street or Householders' Department, where the names are grouped according to location.

The directory is a story of the people. It lists all the people, rich and poor alike; tells who they are, what they do, where they live. The directory is a permanent history and the old directories form a complete record of the city, its changes and progress.

Through the publishers' membership in the Association of North American Directory Publishers, directories of all the leading cities of America are kept in its library in Asheville for the use of its patrons and the public in general. Copies of the Concord Directory are sent to all the principal cities of the United States and Canada. Thus the directory represents Concord throughout the country and is a constant booster for the city. Nothing advertises a community like the City Directory and it is true in many cases that a city is judged by its directory. Directory advertisers are thus accessible to all the buyers of America, who must consult the classified lists of the Directory to purchase any commodity intelligently.

Respectfully,

COMMERCIAL SERVICE COMPANY,

Advertising

is what nothing was ever sold without. If a loaf of bread is sold to a tramp who managed to glom onto a jitney, it had been advertised by the tramp's hunger and by somebody who told the bo where the bakery was. Or by the window of the bakery itself. There isn't a human being who doesn't believe in advertising. If he really doesn't, he had better commit suicide. And that will give him a lot of publicity that nobody can cash in on.

The man who claims not to believe in advertising is a—well, you know what Ananias was. This boob is too anxious for everybody to tell other people that his place is a good one to trade. But ain't willing to give the advertiser anything for telling the other folks. He is, to use a modern term, a something-for-nothing tightwad. The man who puts on good clothes advertises his own respectability, and expects results in the shape of the respect of others. The man who dresses poorly because of necessity or purposely, advertises his poverty and expects results in other people's help or contempt. The doctor claims it is unethical to advertise, but he wants the newspapers to mention every time he has a case. The same is true of the lawyer. In fact, every honest person wants the right kind of advertising. Only dishonest persons are afraid of it, and they get it anyway.

TO GET GOOD ADVERTISING, TALK IT OVER WITH THE DIRECTORY MAN NEXT TIME HE IS IN YOUR TOWN.
NOTE—Patronize those whose names are in large type, for they are the progressive ones and generally the leaders in their line.

*Index appears in front of special business headings only, for which an extra charge is made.

(*)—Purpose of star (*) in front of name is to denote colored person or firm, but we assume no responsibility for its wrong use; errors often creep in.

Whose Foot Are You Standing On?

When someone stops advertising,
Someone stops buying;
When someone stops buying,
Someone stops selling;
When someone stops selling,
Someone stops making;
When someone stops making,
Someone stops earning;
When everyone stops earning,
Everybody stops buying.
Then the bread line.

Don’t Use an Old Directory:
You would not think of using a last year’s calendar, or reading a newspaper a week old. Why an old Directory?
Buy a new Directory as soon as issued or you are liable to lose more time than you can well afford.
