Piedmont Directory Co., Publishers
INTRODUCTION
AND
GENERAL INDEX

PIEDMONT DIRECTORY CO., publishers of Miller's Asheville City Directory (publishers of the Asheville City Directory since 1899), present to subscribers and the general public, this, the 1956 edition, which also includes Beverly Hills, Biltmore Forest (N. C.), Broadview Park, East Biltmore, Gen-
try Park, Lakeview Terrace, Linwood Park, Martel Mill Village, Morningside, Oakley, Oaklyn Park, Sayles Village, South Biltmore and Woodfin (N. C.). A
new feature, the listing of telephone numbers in the Directory of Householders, marks this edition.

Confidence in the continued growth of Asheville's industry, population and wealth, and in the advancement of its civic and social activities, will be main-
tained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Asheville to the world.

The enviable position occupied by the Asheville City Directory in the estima-
tion of the public, has been established by rendering the best in Directory
device. With an unrivaled organization, and having had the courteous and
hearty cooperation of the business and professional men and residents, the pub-
lishers feel that the result of their labors will meet with the approval of every
user, and that the Asheville Directory will fulfill its mission as a source of
authentic information pertaining to the community.

Five Major Departments
(Each department beginning with Page 1)

The five major departments are arranged in the following order:

I. THE ALPHABETICAL LIST OF NAMES of residents and business and
professional concerns is the first major department, printed on white paper.
This is the only record in existence that shows the name, marital status, oc-
cupation and address of each adult resident of Asheville and vicinity, and the
name, official personnel, nature and address of each firm and corporation.

II. THE BUYERS' GUIDE, the second major department, printed on gold-
enrod paper, contains the advertisements of leading manufacturing, business
and professional interests of Asheville and vicinity. The advertisements are
indexed under headings descriptive of the business represented. This is refer-
cnce advertising at its best, and merits a survey by all buyers eager to familiar-
ize themselves with sources of supply. In a progressive community and
famous resort like Asheville, the necessity of having this kind of information
immediately available, is obvious. General appreciation of this fact is evi-
denced by the many reference users of this City Directory service.

III. THE CLASSIFIED BUSINESS DIRECTORY is the third major depart-
ment, printed on canary paper. This department lists the names of all busi-
ness and professional concerns in alphabetical order under appropriate head-
ings. This feature constitutes an invaluable and indispensable catalog of the
numerous interests of the community. The Directory is the common interme-
diary between buyer and seller. As such it plays an important part in the daily
activities of the commercial and professional world. More buyers and sellers
meet through the Classified Business Directory than through any other medium.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AV-
ENUE GUIDE, on pink paper, is the fourth major department. In this section
the numbered streets are arranged in numerical order, followed by the named
streets in alphabetical order; the numbers of the residences and business con-
cerns are arranged in numerical order under the name of each street, and the
names of the householders and concerns are placed opposite the numbers. The
names of the intersecting streets appear at their respective crossing points on
each street. A special feature of this section is the designation of tenant-owned
homes and a new feature, is the listing of telephone numbers.
V. The Numerical Telephone Directory, on blue paper, is the fifth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a resort, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Asheville and vicinity.

The Asheville Directory Library

Through the courtesy of the publishers of the Asheville City Directory, a Directory Library is maintained in the offices of the Asheville Chamber of Commerce, for free reference by the general public. This is one of more than 600 Directory Libraries installed in the chief cities of the U.S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Population

Asheville is the county seat of Buncombe County, and one of the principal resort centers of the eastern U. S. The city has a population of 53,000 according to the report of the U.S. Census of 1950, with a metropolitan area population of 124,403.

History

Asheville was founded in 1797 by John Burton, and was known for about three years of its early history as Morristown. The name was later changed to Asheville, in honor of Samuel and John Ashe, noted men of that period.

The city has long been a resort center, the first resort hotel having been constructed near the Sulphur Springs in the western part of the city, west of the French Broad River. Later the tourist traffic increased and other resort hotels were built including the old Battery Park Hotel on the site now occupied by the modern structure. Other hotels have been constructed with the growth of tourist trade, through expansion of transportation facilities, including railways and highways into the highlands. Industry and agriculture also have developed in the mountain section, to the point that Asheville has become a marketing and shopping center for 20 counties of western North Carolina.

Government

Buncombe County is governed by a board of three commissioners. Asheville has the council-manager form of government, which includes a mayor and six other councilmen and a city manager. The two governmental bodies are housed in the handsome City and County buildings which flank the central city plaza. The city has one of the lowest fire records of any city of its size in the country, due to an efficient fire department, and the police department has become highly effective with the aid of radio, cooperation with state and county law-enforcement officers and by means of the police cruiser system. Two police radio stations are located here, one atop the Buncombe County Building and the other, a State police radio station, on the Black Mountain highway.

Tourist Attractions

Scenic and other attractions of Asheville and western North Carolina are always of paramount interest to visitors. The famous Biltmore House and Gardens, located in the midst of the 15,000-acre Biltmore Estate in Asheville, have been open to the public view since 1930. The noted mansion, adjudged one of the finest private homes in the world, was constructed nearly half a century ago by the late George W. Vanderbilt. The house, built after the architectural pattern of the French chateaux, contains a vast collection of objects of artistic and historic value, gathered at great cost by Mr. Vanderbilt in all parts of the world. Notable among the priceless treasures on display are the chesmen of Napoleon, the ceremonial robes of Cardinal Richelieu, ancient tapestries which graced the tent of Francis I at the Field of the Cloth of Gold, and a myriad of other rare and precious objects.

Surrounding the House, the vast expanse of gardens and landscaped park presents a great mass of flowers and superbly designed vistas to the beholder throughout the spring, summer and autumn seasons.

In Riverside Cemetery are located the tombs of the famous writer, O. Henry, and Zebulon Vance, Civil War Governor of North Carolina, and the now famous marker erected to the memory of 18 German sailors by members of the Kiffin Rockwell Post of the American Legion. This is the only monument ever erected by American Soldiers to the memory of their foreign foes.
Craggy Gardens on the Blue Ridge Parkway, largest stand of rhododendron in the world

Home of Thomas Wolfe, author of LOOK HOMeward ANGEL, in Asheville, North Carolina
Also in Asheville, in the city of his birth, is the tomb of the late Thomas Wolfe, internationally-known author of "Look Homeward, Angel," "Of Time and the River," "The Web and the Rock," and "You Can't Go Home Again." He spent most of his childhood at his mother's boarding house, the "Old Kentucky Home," at 48 Spruce St. This house is known to millions of American readers as "Dixieland," the boarding house operated by Eliza Gant Wolfe's first novel, "Look Homeward, Angel." It has been purchased and restored by the Thomas Wolfe Memorial Association and is open to the public. It contains the furnishings of the days when the author resided there. His birthplace is located on Woodfin St.

Richmond Hill, home of the late Richmond Pearson (minister to Persia and Greece), is open to the public. It is filled with rare treasures collected from all over the world.

The famous Craggy Rhododendron Gardens, located on the crest of the Great Craggy Mountains near Asheville, are one of the noted scenic attractions of the region near the city. The gardens, which present the massed bloom of millions of purple rhododendron shrubs in June, are reached by means of a link of the famous Blue Ridge Parkway, and are the objective for many visitors in Asheville during the bloom of the flowers, which is generally around the middle of June, depending on the season.

In the surrounding highland region, the beauty of the Sapphire Country, Chimney Rock and Lake Lure, the Blowing Rock, Little Switzerland, Linville and Grandfather Mountain sections, the Tryon resort region, and the sections near Hendersonville, Waynesville, Brevard, Highlands and Whiteside Mountain are of interest to visitors.

Mount Mitchell, highest mountain in eastern America (altitude 6,684 feet), and Mount Pisgah (5,749 feet) in the Pisgah National Forest, may be climbed by the motorist.

The Great Smoky Mountains National Park

Asheville is the eastern gateway city to the Great Smoky Mountains National Park, one of the nation's most popular playgrounds. This great scenic region with its majestic peaks and deep valleys, its vast expanse of virgin forests, its clear trout streams and tumbling waterfalls, is a center of interest for visitors. 2,526,879 visitors entered this park in 1954. Excellent highways connect Asheville with the Great Smokies, and on the eastern approach to the park is located the 57,000-acre reservation of the Eastern Band of Cherokee Indians. Here live 3,000 Indians, occupying their ancient hunting grounds and pursuing their ancient crafts and customs under supervision of the Government.

The National Parkway

Through western North Carolina the "Blue Ridge Parkway" is nearing completion, connecting the Shenandoah National Park in Virginia with the Great Smoky Mountains National Park in North Carolina and Tennessee. This great touring route, when completed along the summits of highest of the Appalachian peaks, will be the finest motor-way in America, covering a distance of approximately 500 miles, with an average elevation of 3,000 feet above sea level. 4,344,852 persons traveled the parkway during 1954.

Sports

Asheville and western North Carolina comprise a region which is a paradise for outdoorsmen. In Asheville, four golf courses, adjudged among the finest in the South, offer grass greens and fairways to the golfer. These are the courses of the Country Club of Asheville, Inc., the Biltmore Forest Country Club, the Beaver Lake Golf Club, and the Municipal Golf Links. Over a score of excellent courses are to be found in the resort centers of the highlands.

Tennis courts, swimming pools and other recreational facilities are provided in Asheville. The City Recreation Park, with its huge outdoor pool, its skating rink, and its amusement devices, is a center of attraction during the summer months.

INTRODUCTION

Golf course in Asheville, North Carolina

More than 70 artificial lakes, located in all parts of the "Land of the Sky," provide opportunities for boating, sailing and fishing. Through the mountains many hundreds of miles of trails are open to the hiker and horseman. Streams of the region are well stocked in most cases with brook and rainbow trout, and the five game preserves in the western North Carolina region provide good hunting for deer in the surrounding terrain during the open hunting seasons. Bear, Russian wild boar, grouse, rabbits and other small game also are plentiful in most of the mountain regions, and during the open season, nimrods from practically every state in the Union come to this section. For many years, deer, bear and boar hunts have been held in the Pisgah and Nantahala National Game Preserves.

Horseback-riding along the many enticing mountain trails is one of the favorite recreations among visitors. Horse shows at Asheville, Bent Creek Ranch, Tryon, Blowing Rock, Hendersonville and Linville each year are events of great interest to followers of equestrian activities.

In the mountain region near Asheville are located nearly 50 camps for boys and girls, which operate during the summer months and provide excellent summer recreational programs for thousands of boys and girls of school age.

In Western North Carolina also are located the great religious assemblies, sites for summer recreation and conferences for the members of a number of denominations. These include the Baptist assembly at Ridgecrest, the Presbyterian assembly at Montreat, the Y.M.C.A. assembly at Blue Ridge, the Methodist assembly at Lake Junaluska, the assembly of the Associate Reformed Presbyterian Church at Eton, Clarken near Hendersonville, and the Episcopal assembly at Lake Kanuga. Also, there are the Ben Lippen Bible Conference, and the Luderidge Assembly at Arden.

Climate and Health

An unsurpassed climate, which combines light, cool, exhilarating summers and mild winters, a large percentage of sunny days, mountain-protection from severe storms and a dry atmosphere, has long been a principal attraction of Asheville and the western portion of North Carolina. The health-giving qualities of this climate have been a factor in luring here numerous health-seekers in search of succor from many different afflictions. Many well-equipped sanatoriums for the treatment of pulmonary and nervous afflictions are located in and near Asheville. Most notable among these are the U.S. Veterans Hospital at Oteen, just east of the city limits; the Veterans Hospital Annex, located near Swannanoa, and the North Carolina State Tuberculosis Hospital, near Black Mountain.

Introductions

Industries

In addition to the large volume of tourist trade, Asheville is a center for diversified industries. Located near here are the great rayon and nylon plants, at Enka; the huge pulp and paper plant, at Canton; bleacheries, blanket factory, tannery, casket factory, and numerous other plants manufacturing mica products, tools, hosieries, dimension lumber, furniture, food products, barrel staves, rayon garments, and other articles.

Near Brevard is located a cigarette paper mill, where fine cigarette papers are made from Flax; cellophane plant; tannery and other small industries. The native industries which produce homespun woolens, rugs, native pottery, native ironwork, and numerous other woven and manufactured articles, are noted throughout the country.

The Asheville Industrial Council is located on the first floor of the City Hall building.

Mineral Resources

A variety of valuable mineral deposits are present in the Asheville area—mica, vermiculite, feldspar, talc, kaolin, quartz, granite, marble, copper and iron of proven quantity exist in this region. Asheville is a mineral resources center, having a mineral laboratory operated by the N. C. State College of Agriculture and Engineering of the University of N. C., in cooperation with the T. V. A. and the U. S. Bureau of Mines.

Agriculture

Asheville is a large dairy and livestock center, over 500 dairies sell to Asheville milk plants. Two livestock auction markets with weekly sales. Large local production of broilers and hatching eggs. Ten tobacco warehouses in Asheville with over five million dollars in tobacco sales annually.

The Asheville Agricultural Development Council is located on the fourth floor of the City Hall building.

Shopping Center

Due to its large trade area and the many hundreds of thousands of visitors touring western North Carolina at all seasons of the year, the city has become one of the finest high-class shopping centers in the south.

Water Supply

Asheville’s water supply is the purest to be found. The water, coming from the summits of the high peaks, is noted for its soft quality and its lack of impurities. The city water system is one of the few gravity systems in existence, and Buncombe County is one of the few counties in the U.S. providing water by means of mains along most highways in the county.

A STATEMENT
OF
ADVERTISING PRINCIPLES

1. Good Advertising — aims to inform the consumer and help him to buy more intelligently.

2. Good Advertising — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. Good Advertising — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. Good Advertising — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Advertising Federation of America

(Your Directory publishers fully subscribe to the principles set forth in this statement)

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

DEAR MEMBERS OF THE MEDICAL-DENTAL AND ALLIED PROFESSIONS:

CONSIDER THE PUBLIC RELATIONS FACTOR IN COLLECTIONS

At this time, it is increasingly important that physicians give proper attention to the public relations factor in the collection of their accounts.

Bad accounts definitely require third party handling if wilful deadbeats and irresponsible people are to be prevented from obtaining "free" medical care and unlimited medical credit. Any other policy is unfair to the decent majority of conscientious citizens who pay promptly and gratefully for the highest level of medical care presently available anywhere on earth.

But many bad accounts, so-called, actually involve special circumstances requiring special handling. Not all delinquents are deliberately trying to beat the doctor out of his fee. Some are faced with financial difficulties (mostly of their own making, maybe) which will defeat them unless they are counselled on how a medical bill can be handled on that same beloved TIME-PAYMENT PLAN that makes possible almost every major purchase of their lifetimes. It's too bad that the physician's office cannot act as financial nursemaid to these problem cases. But everyone in the physician's office is busy contributing to the very medical care we are discussing.

One thing, however, is certain... it is in these cases that ruthless pressure and strong-arm collection techniques so often backfire on the individual physician and, through him, on the whole profession. What, then, can be done?

THE MEDICAL-DENTAL CREDIT BUREAU OF BUNCOMBE COUNTY handles professional accounts only. Its procedures are maintained on the professional level. Each delinquent account is screened to determine the right approach. If we received instructions to "Do what you like, but get the money", we wouldn't be interested in that account. Such specialized handling... EARLY handling, we would add... of doctors' delinquent accounts means higher returns, and it assuredly means full protection of the vital public relations factor in professional practice.

So in your own interest, in the interest of the profession, you'd be wise to use MEDICAL-DENTAL CREDIT BUREAU exclusively. The Bureau's aim is to help you in a difficult job, not to assassinate the patient's ideal of what a doctor should be.

YOURS VERY TRULY,

WILLIAM LAMBERT

CAUTION...

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Our future is the future of the area we serve: that's why we are offering $6,750 in cash prizes to towns and communities in the Finer Carolina program this year. More than one hundred and fifty towns are in active competition for the prize money. They are working on more than 600 different projects designed to make their communities better places to live and work, and as each town becomes a finer town, a Finer Carolina is in the making!

Mr. Citizen! .......... Correct Information Is Valuable to You!

Cooperate with the City Directory enumerators to see that
your name and those of your family are correctly listed in each
edition. Your name, listed correctly in the City Directory, is a great
asset. This has been proved thousands of times, especially in
cases of employment application, proof of residence, questions
relating to citizenship, applications for welfare assistance, dis-
tribution of mail, etc. Be better established ... be on record as
a local citizen by seeing that your name is not missed or incor-
rectly listed in the Directory.

DO YOUR EMPLOYERS FURNISH YOU WITH THE
LATEST EDITION OF THE CITY DIRECTORY?

You need it at your elbow at all times, to protect your company from forgers
and bad-check artists. A few questions, checked against City Directory informa-
tion, will trip them at once. Intelligent use of the City Directory for this purpose
has saved thousands of dollars and helped make some cities "too sharp"
for bad-check "operators."

BUENA VISTA MOTEL is a modern motor court offering the finest of lodging. Each of the 19 large comfortable rooms have full tiled baths, with plenty of hot city water, carpeted floors, easy chairs, cross ventilation and spacious lawn. Located outside the crowded city, across from the Biltmore Estate, Biltmore Forest Country Club, and the Biltmore Forest Saddle and Bridle Club; excellent Restaurants nearby. A quiet friendly court, member of Quality Courts United, recommended by AAA and Duncan Hines. Truly excellent lodging for the discriminating motorist. Reservations suggested.

WHY A Buyers' Guide?

* It is customary to include a Buyers' Guide in the City Directory because:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information... EXTENDED

CAUTION .......

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Out of Sight!
Out of Mind!
Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Lent

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—
There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And it is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

THE PUBLISHERS
Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1. An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife’s name and if a widow the deceased husband’s initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2. A *Householders’ Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3. A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4. A “*Yellow Section*” or *Buyers’ Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5. A *Statistical and Historical Story* of your city: plus miscellaneous other information.

Out of Sight--Out of Mind

Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

ASHEVILLE
Directory of Householders, Occupants of Office Buildings and Other Business Places
INCLUDING
A Complete Street and Avenue Guide
1956
INCLUDING
Beverly Hills, Biltmore Forest (N.C.), Broadview Park, East Biltmore, Gentry Park, Lakeview Terrace, Linwood Park, Mortel Mill Village, Morning-side, Oakley, Oaklyn Park, Sayles Village, South Biltmore and Woodfin (N.C.)

Copyright, 1956, by Piedmont Directory Co.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupant or householder or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both side of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol $ after a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names. Figures in parenthesis denote old numbers.
(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)
(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

Don't Contribute to Counterfeiters

KNOW YOUR MONEY!

The Government never redeems counterfeit money!

1. KNOW YOUR MONEY! Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. COMPARE a suspected bill with a genuine of the same type and denomination. Observe these things:

   **PORTRAIT**
   - Counterfeit—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.
   - Genuine—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.

   **COLORED SEAL**
   - Counterfeit—Saw-tooth points around rim are usually uneven, broken off.
   - Genuine—Saw-tooth points around rim are even and sharp.

   **SERIAL NUMBERS**
   - Counterfeit—Poorly printed, badly spaced, uneven in appearance.
   - Genuine—Figures firmly and evenly printed, well spaced.

   **PAPER**
   - Counterfeit—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.
   - Genuine—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. RUBBING a bill on a piece of paper will not prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. CONSULT an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.
