PREFACE

Greenville, North Carolina

"OUR GREENVILLE—YOURS IF YOU COME"

(Directory Population Territory Covered 15,628)

GREENVILLE, the county seat of Pitt County, is located at the head of navigation on the Tar River, 84 miles East of Raleigh, North Carolina; 137 miles South of Norfolk, Virginia; 159 miles South of Richmond, Virginia; and 267 miles South of Washington, D. C.

Pitt County, of which Greenville is the county seat, is in the heart of one of the greatest agricultural regions in the South, ranking 59th in the Nation's first one hundred counties in value of farm products sold, traded or used by farm householders.

The City's rapid growth is indicated by a thirty-eight per cent increase in population during the ten year period 1920 to 1930 in which time Post Office receipts increased over ninety-eight per cent.

THE CITY GOVERNMENT is vested in a Mayor and nine Aldermen, who are progressively providing the necessary facilities required in the city's rapid growth.

EDUCATIONAL facilities include a public school system accredited since 1917 in the Southern Association of Secondary Schools, with four schools for whites and two for colored, operating for a nine months term, and the High School providing twelve grades. In the teaching staff are employed a higher percentage of instructors holding Masters Degrees than in any other community in the state. In addition to regular subjects taught, the city school system has recently added a technical High School, offering courses which include radio—both theory and communication, aeroplane wood-working, machine shop practice and general wood-working. Sheet metal work will be added later. Equipment for these courses is unexcelled.

HIGHER EDUCATION is available at East Carolina Teachers College, a state institution located in Greenville. This college, with a plant value of more than $3,334,000.00 and an enrollment of over 1,200 students, offers courses leading to Masters Degree for both young men and young women, and it provides a highly favorable factor in the city's educational and cultural life.

LIBRARY facilities are provided by the Sheppard Memorial Municipal Library and the East Carolina Teachers College Library. There is also a library for the colored population.

ELECTRIC POWER is provided by the municipally owned plant at Greenville, which supplies not only the city proper, but a large area surrounding it, as well as several nearby municipalities, over its more
than 500 miles of transmission lines. The plant, equipment and distribution system, with 9,250 K. W. H. capacity, has a replacement value of $2,000,000.00. Electric rates are comparable to those in effect in the state for similar service.

WATER SUPPLY is provided by a city owned plant, taking the raw water from Tar River which is filtered in a modern plant, before being turned into the distribution system. The capacity of the plant is 3,000,000 gallons every 24 hours, with 600,000 gallons carried in storage at the plant, and an additional 900,000 gallons carried in overhead storage tanks located at strategic points throughout the city.

GAS for cooking and heating is manufactured and distributed from the municipal plant.

TAX RATES in both the City of Greenville and Pitt County are among the lowest in the state. The city and the county, as a result of good business management on the part of officials, are in excellent financial condition. The tax rate for Greenville is ninety cents, and for Pitt County sixty-five cents per one hundred dollars assessed valuation. Both the City and County are reducing bonded indebtedness systematically.

BANKING facilities are affording by two strong commercial banks, one operating branches in other communities in this section of the state; a Federal Saving and Loan Association, and a Building and Loan Association. The commercial banks are managed by men well versed in the financial needs of all classes of businesses and industry, and have combined resources of approximately $26,246,344.00, with an average monthly debit to individual accounts of $9,247,372.00.

INDUSTRIES, although the section is predominantly agricultural, include eight tobacco processing plants, cotton spinning mill, three lumber plants, two antique reproduction plants, two fertilizer plants, brick plant, five bottling plants, a creamery and milk pasteurizing plant, four laundries, five dry cleaning plants, poultry hatchery, three florists, marble works, three machine works, four commercial print shops, two daily newspapers, two drug manufacturers, sheet metal works, a full fashion hosiery plant, an abbatoir, and a poultry and stock feed plant.

TRANSPORTATION is provided by two railroad lines, the Atlantic Coast Line and the Norfolk-Southern, in addition to several motor freight lines. Supplementing the rail and motor freight facilities, seven hard-surfaced highways leading in all directions from Greenville, provide charter operators of motor trucks with safe avenues for operation in every direction. There are three passenger bus lines.

WATER TRANSPORTATION (discontinued for the duration) is provided by the Norfolk, Baltimore and Carolina Line which serves the Greenville Port Terminal connecting with boat lines at Norfolk, Virginia, for eastern ports, and at Wilmington and Morehead City, North Carolina, and Charleston, South Carolina, for ports in the South and the Gulf. Greenville is the most inland port in North Carolina having a channel
twelve feet deep and one hundred feet wide over which is operated regularly scheduled boat transportation.

THE AIRPORT, owned jointly by the city and the county and embracing an area of over seven hundred acres, with three five thousand foot paved runways, is one of the best municipal fields in the Southeast. Following the war, regular passenger, freight, and express air service will be inaugurated.

COMMUNICATION facilities include Western Union Telegraph, the Carolina Telephone and Telegraph Company with a modern dial system, and nine incoming and eight outgoing mails daily.

TWO DAILY NEWSPAPERS afford excellent news coverage for this section including the county and territory adjacent.

RADIO STATION W.G.T.C., Greenville’s locally owned radio station, the most modern in this section, serves a wide area of Eastern North Carolina, providing entertainment, news, and a publicity service of the highest type.

HOTELS include the Proctor with 77 guest rooms and the Greenville with 40 guest rooms.

These lodging facilities are supplemented by several guest houses, providing accommodations approaching those available in the hotels.

CHURCHES of practically all major denominations adequately provide for religious worship of the citizenship which ranks high in attendance. There are eleven churches for white and fifteen for negroes.

THE CLIMATE is moderate and open. The average mean annual temperature is 61 degrees, and the average annual rainfall is 45 inches. The altitude of the City is from 64 to 75 feet above sea level and the topography is rolling.

HEALTH conditions are comparable to any city in the Coastal Section of the South.

HOSPITAL facilities are provided by the Pitt General Hospital, a grade A institution with fifty-four beds, and equipped with modern X-ray, Fluroscope and Bronchoscope and staffed by highly trained physicians and specialists.

Organizations include an active Chamber of Commerce, Rotary Club, Kiwanis Club, Lions Club, Women’s Club, Business and Professional Women’s Club, County Club, Merchants Association, American Legion Post and Auxiliary, as well as chapters of the major fraternal organizations.

AS A SHOPPING and marketing center, Greenville serves a large area in the eastern section of the state, and is known as “East Carolina’s Shopping Center.” Sales of its more than two hundred retail stores total approximately nine million dollars annually, while the annual
volume of the City’s forty wholesale establishments totals approximately forty-five million dollars.

THE GREENVILLE TOBACCO MARKET is one of the largest markets for bright leaf flue cured tobacco in the nation. Facilities include ten auction warehouses with five sets of buyers. Floor space devoted to the handling and processing of tobacco in Greenville totals more than two million square feet.

The City is also the home of one of Eastern Carolina’s largest firms buying cattle and hogs.

Greenville welcomes new industries and new businesses adapted to this section as well as new citizens desiring a home in a community where every facility for a full life is available.

For further information call or write:

THE GREENVILLE CHAMBER OF COMMERCE

501 Dickinson Avenue, at 5 Points  Phone 2725

PITT COUNTY

Formed in 1760, named in honor of William Pitt, population 61,244. Ranks 59th in the first 100 counties in the nation in agricultural production and farm income. The largest bright leaf tobacco county in the world—1939 crop, 48,545,162 pounds. Pitt County markets selling in 1939, 109,072,234 pounds, ranked first for flue cured tobacco.

Fertile sandy loam soils produce in abundance, tobacco, cotton, corn, peanuts, soy beans, rye, oats, wheat, hay, fruits, vegetables, and feed crops for live stock production which is increasing rapidly.

Ten growing progressive towns exclusive of Greenville, the county seat and principal commercial and educational center, are located in the county. These are Farmville, Ayden, Bethel, Winterville, Grifton, Grimesland, Falkland, Fountain, Pactolus, and Stokes.

Paved highways include N. C. numbers 11, 33, 43, 102, and 903, and U. S. Highways 64, 258, and 264.

The County School System embraces 13 consolidated units for whites, and 50 schools for colored, with a total enrollment of 14,000 students.

Investment in school plants and equipment totals more than $1,000,000.00. All white units are State Standard.

Pitt County’s interest in the citizenship is evidenced by its liberal support of the following agencies: Agricultural and Home Demonstration Departments in promotion of Farm Production, Marketing, and Home Making; Health Department in the protection of health; and a County Welfare Department in the preservation of the welfare of the citizenship.

Greenville, North Carolina

VOL. VII 1944-1945

NOTE—Patronize those whose names are in large type, for they are the progressive ones, and generally leaders in their line.

Index appears in front of special business headings only, for which an extra charge is made.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

Street Directory
—OF—
Greenville, North Carolina

GIVING NAMES OF HOUSEHOLDERS, THE NUMBER OF OCCUPANTS IN EACH HOUSE, AND DENOTING BUSINESS PLACES

VOL. VII 1944-1945 VOL. VII

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.

(*)—Before name denotes home-owner.

(•)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.
