In presenting this the second volume of the Statesville Directory, we desire to thank those who have patronized us.

Many changes have taken place since the issue of two years ago, and we have noted with pleasure the steady and persistent growth of the city. To the business men and public-spirited citizens who have made Statesville what it is today, we desire to say that following the delivery of this Directory that we will begin to send out copies here and there, covering a large territory to our different exchanges; this should, and will aid materially towards advertising Statesville to the outside world, and for this reason if no other, every business man should give the Directory his support. It is not a theory, but an established fact, that a directory well filled with advertisements, patronized by its local merchants, must and does attract favorable attention of users, everywhere it may go. A city full of life, abreast with the times, can not help, if it be known, to actuate the spirit of progress in others, often inducing them to come and settle in your midst. There is no better way to exhibit to the homeseeker, the investor, the manufacturer or the tourist the many advantages of Statesville than through the pages of its directory. We do not see how anyone, if they will take the time to think, can fail to appreciate a work of this kind. We are giving you in this volume, as in the previous issue, a directory of Iredell county as well as of Statesville; this adds very much indeed to the cost of the publication and whether we shall be able to continue to publish this kind of a directory depends entirely on the support we receive on the next issue. We will continue to publish a directory of Statesville every two years, until the business needs of the city demand an annual publication.

Respectfully,

Piedmont Directory Company

PIEDMONT DIRECTORY CO.
INCORPORATED
Home Office
ASHEVILLE, NORTH CAROLINA

WE PUBLISH DIRECTORIES—not only in cities and towns throughout the great Piedmont section of the Carolinas and Georgia, but in Tennessee and the Virginias. Directories are for the good of the public and should be supported by every business man and public-spirited citizen. They advertise to the world your city as well as your business. A man is often judged by his clothes; so is a city often judged by its directory. A directory filled with advertisements is a splendid advertisement for your city as well as your business.
